# Welcome to Your 2024 Benefits Enrollment

## Choose Your Benefits November 1 – 15

### 2024 Benefit Elections:

- You can elect or change your benefits for the 2024 plan year during Open Enrollment (OE) November 1 – 15.

### Changes After Open Enrollment:

- You can make changes to some of your benefits in 2024 if you experience a Qualifying Life Event (QLE), such as getting married or having a baby. You must make the change within 30 days of the event.
- You can enroll year-round in Pet Insurance, Commuter Benefits and Auto and Home Insurance.

## Here's How It Works

365+

Visit Mercer Marketplace 365+ at [www.mercermarketplace365plus.com/parexel](http://www.mercermarketplace365plus.com/parexel) for personalized support to guide you through the enrollment process.

Answer a few short questions to receive Expert Guidance and build a personalized benefits package.

Select the benefits package built for you, customize it further to best meet your needs and budget, or build your own package.

## What If I Don't Enroll?

- You must take action to complete enrollment this year. If you do not make elections by November 15, you will have no benefits coverage with the exception of employer-paid benefits.
- Health Savings Account and Healthcare, Combination, Dependent Care and Commuter Flexible Spending Account (FSA) elections do not roll over from year to year. You must make a new election each year to participate.
- You must enroll in the Health Savings Account for 2024 during OE to receive your employer's contributions.

If you (and/or your dependents) have Medicare or will become eligible for Medicare in the next 12 months, a federal law gives you more choices about your prescription drug coverage. Please see the creditable prescription drug coverage and Medicare notice in the legal notices at the back of this booklet for more details.

- As part of the registration process, you will need to provide the last four digits of your Social Security Number (SSN), your last name, date of birth and zip code.
- Once the above information is verified, you will be prompted to choose either the email and/or phone number you provided to Parexel. A verification code will be sent to the device you selected. You will then be able to complete the registration process by entering the code.
- If an email or phone number has not been provided by Parexel, you will need to add an email address at this time. You can input an alternate email or phone number to be used for future verification.
- You will be required to go through the MFA verification code process every time you log in.

## Cost of Coverage

Parexel offers you a competitive benefits program that provides flexibility to select coverage that best fits your needs and your budget. Parexel pays a majority of your coverage costs. You pay for any remaining costs for the benefits you select, which will be shown as you shop on Mercer Marketplace 365+.

# Medical and Prescription Drug Coverage

Medical coverage offers valuable benefits to help you stay healthy and pay for care if you or your covered family members become sick or injured.

## Which Medical Plan is Right for You?

When you go online, you will have two options to navigate and select your benefits:

- Choose Expert Guidance to get a personalized package built for you that you can further customize.
- Enroll by individual benefit: You will have an experience similar to shopping online, navigating through different categories and adding benefits to your shopping cart. Just click "check out" when you are finished!

As you prepare, think about:

- How much healthcare and what type of care did you need this year?
- Do you expect your needs to be similar next year?
- Do you prefer to pay less from your paycheck or less out of your pocket when you need care?

## Have You Considered a High Deductible Health Plan?

High deductible health plans have lower premiums and may result in lower annual medical costs. These plans offer several advantages to reward you for taking an active role in your healthcare spending.

- Lower paycheck costs: Allows you to keep control over more of your money
- Tax-advantaged savings account: Enrolling in a Health Savings Account (HSA) helps you pay your deductible and out-of-pocket costs
- Parxel will contribute to your HSA, helping you with your out-of-pocket costs
- Comparable benefits: In-network preventive care is still 100% covered

### Need More Coverage?

You may want additional coverage that pays benefits directly to you to help cover deductibles and out-of-pocket expenses.

Consider combining your medical coverage with Supplemental Medical Insurance. These plans are a great complement to your medical plan and can help reduce the financial risk associated with illness and injury.

Depending on your situation, you may be able to save money by purchasing a lower cost medical plan and adding one or more supplemental plans to achieve effective protection at a lower plan cost. Refer to the Supplemental Medical section for more information.

## Using In-Network Providers

You'll save money when receiving care from an in-network provider. To access a list of in-network providers, click on the link provided on the Mercer Marketplace 365+ enrollment site. Using an out-of-network provider could result in more out-of-pocket costs.

## Helpful Information about Deductibles and Out-Of-Pocket Maximums

When electing coverage for any family members in addition to yourself, deductibles and out-of-pocket maximums are applied differently for different plans.

PLAN	DEDUCTIBLE	OUT-OF-POCKET MAXIMUM
<b>\$2,000 Deductible Plan</b>	The entire Family Deductible must be met before benefits begin to pay out for any family member	The entire Family Out-of-Pocket Maximum must be met before the plan pays in full for any family member
<b>\$1,000 Deductible Plan</b> <b>\$1,500 Deductible Plan</b> <b>\$3,200 Deductible Plan</b>	Once one family member meets the Individual Deductible, benefits begin to be paid for that individual	Once one family member meets the Individual Out-of-Pocket Maximum, the plan pays covered benefits in full for that individual

## Prescription Drug Coverage

- Your prescription drug coverage depends on the medical plan you choose. Medications are grouped into tiers, which determine your portion of the drug cost.
- High deductible health plan members pay 100% of the prescription drug costs until the annual deductible is met.
- The applicable coinsurance per prescription applies after the annual deductible has been met.

YOU PAY	WHAT'S COVERED*
Lowest Cost Sharing	<b>Most Generic Prescription Drugs</b> Generic drugs that are equivalent to a brand product in dosage form, strength, quality and intended use
Second-Lowest Cost Sharing	<b>Preferred Brand Name Drugs</b> Drugs sold under specific trade names that are favorably priced by the pharmacy plan
Highest Cost Sharing	<b>Non-Preferred Brand Name Drugs</b> Drugs sold under specific trade names that have a more cost-effective alternative compared to the lowest or the second-lowest cost sharing

\*Some plans have additional prescription tiers. See plan documents for details.

## Tobacco Surcharge

Parexel is committed to helping you achieve your best health. You will pay a lower cost for benefits if you do not use tobacco products. Your benefit selection will be displayed as you proceed through the enrollment process. All tobacco responses will be calculated and reflected on your confirmation statement following your benefits enrollment. Please contact Parexel for more information, including any reasonable alternative standard that accommodates the recommendation of your personal physician. To participate in a smoking cessation program, please visit [guidanceresources.com](http://guidanceresources.com) to register and use PXLEAP when prompted for the company web ID.

# Spending and Savings Accounts

Save money on your healthcare and dependent care costs through the use of tax-advantaged accounts that allow you to use before-tax dollars to pay for eligible expenses. For additional details about the following accounts, visit [www.myparexelbenefits.com](http://www.myparexelbenefits.com).

## Access Your Accounts Anywhere

The “Accounts by Mercer Marketplace” mobile app is available for Healthcare Flexible Spending Accounts, Dependent Care Flexible Spending Accounts, Health Savings Accounts and Commuter Benefits. Use it to view account balances, upload receipts, review plan details, see your account activity and contact customer service.

Download the app from the App Store or Google Play. If you are enrolling in a spending and savings account for the first time, you will receive app login information in your welcome communication. If you are currently enrolled in an account but have not yet downloaded the mobile app, follow the in-app directions to complete the new user registration process.

## What Are Eligible Healthcare Expenses?

For a complete list of eligible expenses, visit [www.irs.gov](http://www.irs.gov) and see Publication 502. Some examples may include out-of-pocket expenses for:

- Office visits and lab work
- Prescription drugs
- Hospital stays
- Speech/occupational/physical therapy
- Dental and vision care
- Eligible over the counter medications and supplies

**Reminder:** Keep documentation to support your use of the money in these accounts for tax purposes.

# Spending and Savings Accounts

## Health Savings Account (HSA)

With the \$2,000 and \$3,200 Deductible Plans, you may qualify to contribute money to a Health Savings Account. HSAs are tax-advantaged savings accounts you can use to help pay for eligible healthcare expenses as your contributions are accrued.

### Key Features:

- **Even if you aren't planning to contribute, you must open an HSA account** in order to receive your employer's contribution (see HSA Contributions section below for details).
- **Works like a bank account.** You decide how much to contribute to your HSA (up to the IRS maximum) and can change that amount at any time. Access account funds to pay for eligible healthcare expenses by using your debit card when you receive care, or submit a claim for reimbursement for payments you've made (up to the available balance in your account).
- **It's tax-advantaged.** You don't pay taxes on contributions made from your paycheck or on reimbursements for qualified medical expenses. Plus, you can earn tax-free interest on your HSA balance.
- **It's your money.** Unused funds can be carried over each year. Once your account reaches a certain balance you will be able to choose how your money is invested. You can even take the account with you if you leave Parexel, or save it to use during retirement.
- **Pair it with a Combination Flexible Spending Account** for additional tax savings. Eligible dental and vision expenses can be paid with Combination FSA funds from the first day of the plan year. Once you have incurred \$1,600/individual or \$3,200/family in out-of-pocket medical expenses (or the indexed amounts announced by the IRS for the plan year, if different) and submit the required form, you can also use your account to pay for eligible medical expenses for the rest of the year.

Please note, you do **not** qualify for an HSA if you:

- Are enrolled in Medicare or TRICARE
- Are covered by any health insurance other than a qualified high deductible health plan
- Can be claimed as a dependent on another person's tax return
- Will have access to funds in a Healthcare FSA established for you or another family member, including under a grace period from the prior plan year. This is a period of time after the end of the plan year during which you can continue to incur expenses in order to spend down the remaining account balance.

### HSA Contributions

To help you start your HSA, Parexel will contribute:

- Employee Only coverage: \$500/year
- Employee + Dependent(s) coverage: \$1,000/year

For 2024, you can make pre-tax contributions from your paycheck up to the following amounts, or to the maximum indexed amount announced by the IRS for the plan year, if different:

- Individual coverage: \$4,150
- Family coverage: \$8,300
- If you're age 55 or older, you can contribute an additional \$1,000 per year.

The amounts listed above include both Parexel and your contributions, which cannot exceed the maximum allowable amount defined by the IRS. Proration rules may apply.

## IMPORTANT NOTICE FROM PAREXEL ABOUT CREDITABLE PRESCRIPTION DRUG COVERAGE AND MEDICARE

The purpose of this notice is to advise you that the prescription drug coverage listed below under the Parexel medical plans is expected to pay out, on average, at least as much as the standard Medicare prescription drug coverage will pay in 2024. This is known as "creditable coverage."

**Why this is important:** If you or your covered dependent(s) are enrolled in any prescription drug coverage during 2024 listed in this notice and are or become covered by Medicare, you may decide to enroll in a Medicare prescription drug plan later and not be subject to a late enrollment penalty — as long as you had creditable coverage within 63 days of your Medicare prescription drug plan enrollment. You should keep this notice with your important records.

If you or your family members aren't currently covered by Medicare and won't become covered by Medicare in the next 12 months, this notice doesn't apply to you.

Please read the notice below carefully. It has information about prescription drug coverage with Parexel and prescription drug coverage available for people with Medicare. It also tells you where to find more information to help you make decisions about your prescription drug coverage.

## NOTICE OF CREDITABLE COVERAGE

You may have heard about Medicare's prescription drug coverage (called Part D), and wondered how it would affect you. Prescription drug coverage is available to everyone with Medicare through Medicare prescription drug plans. All Medicare prescription drug plans provide at least a standard level of coverage set by Medicare. Some plans also offer more coverage for a higher monthly premium.

Individuals can enroll in a Medicare prescription drug plan when they first become eligible, and each year from October 15 through December 7. Individuals leaving employer/union coverage may be eligible for a Medicare Special Enrollment Period.

If you are covered by one of the Parexel prescription drug plans listed below, you'll be interested to know that the prescription drug coverage under the plan is, on average, at least as good as standard Medicare prescription drug coverage for 2024. This is called creditable coverage. Coverage under one of these plans will help you avoid a late Part D enrollment penalty if you are or become eligible for Medicare and later decide to enroll in a Medicare prescription drug plan.

- Blue Cross Blue Shield of MA \$1,000 Deductible Plan
- Blue Cross Blue Shield of MA \$1,500 Deductible Plan
- Blue Cross Blue Shield of MA \$2,000 Deductible Plan
- Blue Cross Blue Shield of MA \$3,200 Deductible Plan

If you decide to enroll in a Medicare prescription drug plan and you are an active employee or family member of an active employee, you may also continue your employer coverage. In this case, the Parexel plan will continue to pay primary or secondary as it had before you enrolled in a Medicare prescription drug plan. If you waive or drop Parexel coverage, Medicare will be your only payer. You can re-enroll in the employer plan at annual enrollment or if you have a special enrollment event for the Parexel plan, assuming you remain eligible.

You should know that if you waive or leave coverage with Parexel and you go 63 days or longer without creditable prescription drug coverage (once your applicable Medicare enrollment period ends), your monthly Part D premium will go up at least 1% per month for every month that you did not have creditable coverage. For example, if you go 19 months without coverage, your Medicare prescription drug plan premium will always be at least 19% higher than what most other people pay. You'll have to pay this higher premium as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to enroll in Part D.

You may receive this notice at other times in the future — such as before the next period you can enroll in Medicare prescription drug coverage, if this Parexel coverage changes, or upon your request.

#### **FOR MORE INFORMATION ABOUT YOUR OPTIONS UNDER MEDICARE PRESCRIPTION DRUG COVERAGE**

More detailed information about Medicare plans that offer prescription drug coverage is in the *Medicare & You* handbook. Medicare participants will get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare prescription drug plans. Here's how to get more information about Medicare prescription drug plans:

- Visit [www.medicare.gov](http://www.medicare.gov) for personalized help.
- Call your State Health Insurance Assistance Program (see a copy of the *Medicare & You* handbook for the telephone number) or visit the program online at <https://www.shiptacenter.org>.
- Call 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048.

For people with limited income and resources, extra help paying for a Medicare prescription drug plan is available. Information about this extra help is available from the Social Security Administration (SSA). For more information about this extra help, visit SSA online at [www.socialsecurity.gov](http://www.socialsecurity.gov) or call 1-800-772-1213 (TTY 1-800-325-0778).

**Remember: Keep this notice. If you enroll in a Medicare prescription drug plan after your applicable Medicare enrollment period ends, you may need to provide a copy of this notice when you join a Part D plan to show that you are not required to pay a higher Part D premium amount.**

#### **HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT (HIPAA) SPECIAL ENROLLMENT NOTICE NOTICE OF SPECIAL ENROLLMENT RIGHTS FOR HEALTH PLAN COVERAGE**

If you have declined enrollment in Parexel's health plan for you or your dependents (including your spouse) because of other health insurance coverage, you or your dependents may be able to enroll in some coverages under these plans without waiting for the next Open Enrollment period, provided you request enrollment within 30 days after your other coverage ends.

In addition, if you have a new dependent as a result of marriage, birth, adoption or placement for adoption, you may be able to enroll yourself and your eligible dependents, provided that you request enrollment within 30 days after the marriage, birth, adoption or placement for adoption.

Parexel will also allow a special enrollment opportunity if you or your eligible dependents either:

- Lose Medicaid or Children's Health Insurance Program (CHIP) coverage because you are no longer eligible, or
- Become eligible for a state's premium assistance program under Medicaid or CHIP.

For these enrollment opportunities, you will have 60 days – instead of 30 – from the date of the Medicaid/CHIP eligibility change to request enrollment in the Parexel group health plan. Note that this 60-day extension does not apply to enrollment opportunities other than due to the Medicaid/CHIP eligibility change.

Note: If your dependent becomes eligible for special enrollment rights, you may add the dependent to your current coverage or change to another medical plan.

To request a HIPAA special enrollment based on the events described above or obtain more information, contact US Employee Benefits at 800-599-7208 or at [USEmployeeBenefits@parexel.com](mailto:USEmployeeBenefits@parexel.com).

#### **WOMEN'S HEALTH AND CANCER RIGHTS ACT (WHCRA) NOTICE**

If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998 (WHCRA). For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending physician and the patient, for:

- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance;
- Prostheses; and
- Treatment of physical complications of the mastectomy, including lymphedema.

These benefits will be provided subject to the same deductibles and coinsurance applicable to other medical and surgical benefits provided under this plan. If you would like more information on WHCRA benefits, call your medical carrier at the phone number listed on the back of your ID card.

#### **NEWBORNS' AND MOTHERS' HEALTH PROTECTION ACT NOTICE**

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours). If you would like more information on maternity benefits, call your medical carrier at the phone number listed on the back of your ID card.

#### **MICHELLE'S LAW NOTICE**

##### **EXTENDED DEPENDENT MEDICAL COVERAGE DURING STUDENT MEDICAL LEAVES**

The Parexel plan may extend medical coverage for dependent children if they lose eligibility for coverage because of a medically necessary leave of absence from a post-secondary educational institution (including a college or university). Coverage may continue for up to a year, unless the child's eligibility would end earlier for another reason.

Extended coverage is available if a child's leave of absence from school — or change in school enrollment status (for example, switching from full-time to part-time status) — starts while the child has a serious illness or injury, is medically necessary, and otherwise causes eligibility for student coverage under the plan to end. Written certification from the child's physician stating that the child suffers from a serious illness or injury and the leave of absence is medically necessary may be required.

If the coverage provided by the plan is changed during this one-year period, the plan will provide the changed coverage for the remainder of the leave of absence.

If your child will lose eligibility for coverage because of a medically necessary leave of absence from school and you want his or her coverage to be extended, call Mercer Marketplace 365+ at 866-696-8683 as soon as the need for the leave is recognized by Parexel. In addition, contact your child's health plan to see if any state laws requiring extended coverage may apply to his or her benefits.

**PREMIUM ASSISTANCE UNDER MEDICAID AND THE CHILDREN'S HEALTH INSURANCE PROGRAM (CHIP) NOTICE**

If you or your children are eligible for Medicaid or CHIP and you're eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren't eligible for Medicaid or CHIP, you won't be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit [www.healthcare.gov](http://www.healthcare.gov).

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial **1-877-KIDS NOW** or [www.insurekidsnow.gov](http://www.insurekidsnow.gov) to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren't already enrolled. This is called a "special enrollment" opportunity, and **you must request coverage within 60 days of being determined eligible for premium assistance**. If you have questions about enrolling in your employer plan, contact the Department of Labor at [www.askebsa.dol.gov](http://www.askebsa.dol.gov) or call **1-866-444-EBSA (3272)**.

**If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of July 31, 2023. Contact your State for more information on eligibility.**

## PAREXEL HIPAA PRIVACY NOTICE

**Please carefully review this notice. It describes how medical information about you may be used and disclosed and how you can get access to this information.**

The Health Insurance Portability and Accountability Act of 1996 (HIPAA) imposes numerous requirements on the use and disclosure of individual health information by Parexel health plans. This information, known as protected health information, includes almost all individually identifiable health information held by a plan — whether received in writing, in an electronic medium or as an oral communication. This notice describes the privacy practices of these plans: Blue Cross Blue Shield of MA \$1,000, \$1,500, \$2,000 and \$3,200 Deductible Plans, Delta Dental Basic Plus, Standard Dental and Enhanced Dental with Orthodontia Plans and Healthcare Flexible Spending Account. The plans covered by this notice may share health information with each other to carry out treatment, payment or healthcare operations. These plans are collectively referred to as the Plan in this notice, unless specified otherwise.

### THE PLAN'S DUTIES WITH RESPECT TO HEALTH INFORMATION ABOUT YOU

The Plan is required by law to maintain the privacy of your health information and to provide you with this notice of the Plan's legal duties and privacy practices with respect to your health information. If you participate in an insured plan option, you will receive a notice directly from the Insurer. It's important to note that these rules apply to the Plan, not Parexel as an employer — that's the way the HIPAA rules work. Different policies may apply to other Parexel programs or to data unrelated to the Plan.

### HOW THE PLAN MAY USE OR DISCLOSE YOUR HEALTH INFORMATION

The privacy rules generally allow the use and disclosure of your health information without your permission (known as an authorization) for purposes of healthcare treatment, payment activities and healthcare operations. Here are some examples of what that might entail:

- **Treatment** includes providing, coordinating, or managing healthcare by one or more healthcare providers or doctors. Treatment can also include coordination or management of care between a provider and a third party, and consultation and referrals between providers. For example, the Plan may share your health information with physicians who are treating you.
- **Payment** includes activities by this Plan, other plans, or providers to obtain premiums, make coverage determinations, and provide reimbursement for healthcare. This can include determining eligibility, reviewing services for medical necessity or appropriateness, engaging in utilization management activities, claims management, and billing; as well as performing "behind the scenes" plan functions, such as risk adjustment, collection or reinsurance. For example, the Plan may share information about your coverage or the expenses you have incurred with another health plan to coordinate payment of benefits.
- **Healthcare operations** include activities by this Plan (and, in limited circumstances, by other plans or providers), such as wellness and risk assessment programs, quality assessment and improvement activities, customer service and internal grievance resolution. Healthcare operations also include evaluating vendors; engaging in credentialing, training and accreditation activities; performing underwriting or premium rating; arranging for medical review and audit activities; and conducting business planning and development. For example, the Plan may use information about your claims to audit the third parties that approve payment for Plan benefits.

The amount of health information used, disclosed or requested will be limited and, when needed, restricted to the minimum necessary to accomplish the intended purposes, as defined under the HIPAA rules. If the Plan uses or discloses Personal Health Information (PHI) for underwriting purposes, the Plan will not use or disclose PHI that is your genetic information for such purposes.

### HOW THE PLAN MAY SHARE YOUR HEALTH INFORMATION WITH PAREXEL

The Plan, or its health insurer or Health Maintenance Organization (HMO), may disclose your health information without your written authorization to Parexel for plan administration purposes. Parexel may need your health information to administer benefits under the Plan. Parexel agrees not to use or disclose your health information other than as permitted or required by the Plan documents and by law. No employees outside of yourself are the only Parexel employees who will have access to your health information for plan administration functions.

Here's how additional information may be shared between the Plan and Parexel, as allowed under the HIPAA rules:

- The Plan, or its insurer or HMO, may disclose "summary health information" to Parexel, if requested, for purposes of obtaining premium bids to provide coverage under the Plan or for modifying, amending, or terminating the Plan. Summary health information is information that summarizes participants' claims information, from which names and other identifying information have been removed.
- The Plan, or its insurer or HMO, may disclose to Parexel information on whether an individual is participating in the Plan or has enrolled or disenrolled in an insurance option or HMO offered by the Plan.

In addition, you should know that Parexel cannot and will not use health information obtained from the Plan for any employment-related actions. However, health information collected by Parexel from other sources — for example, under the Family and Medical Leave Act, Americans with Disabilities Act, or workers' compensation programs — is not protected under HIPAA (although this type of information may be protected under other federal or state laws).

## OTHER ALLOWABLE USES OR DISCLOSURES OF YOUR HEALTH INFORMATION

In certain cases, your health information can be disclosed without authorization to a family member, close friend, or other person you identify who is involved in your care or payment for your care. Information about your location, general condition, or death may be provided to a similar person (or to a public or private entity authorized to assist in disaster relief efforts). You'll generally be given the chance to agree or object to these disclosures (although exceptions may be made — for example, if you're not present or if you're incapacitated). In addition, your health information may be disclosed without authorization to your legal representative. The Plan also is allowed to use or disclose your health information without your written authorization for the following activities:

- **Workers' compensation:** Disclosures to workers' compensation or similar legal programs that provide benefits for work-related injuries or illness without regard to fault, as authorized by and necessary to comply with the laws
- **Necessary to prevent serious threat to health or safety:** Disclosures made in the good-faith belief that releasing your health information is necessary to prevent or lessen a serious and imminent threat to public or personal health or safety, if made to someone reasonably able to prevent or lessen the threat (or to the target of the threat); includes disclosures to help law enforcement officials identify or apprehend an individual who has admitted participation in a violent crime that the Plan reasonably believes may have caused serious physical harm to a victim, or where it appears the individual has escaped from prison or from lawful custody
- **Public health activities:** Disclosures authorized by law to persons who may be at risk of contracting or spreading a disease or condition; disclosures to public health authorities to prevent or control disease or report child abuse or neglect; and disclosures to the Food and Drug Administration to collect or report adverse events or product defects
- **Victims of abuse, neglect, or domestic violence:** Disclosures to government authorities, including social services or protective services agencies authorized by law to receive reports of abuse, neglect or domestic violence, as required by law or if you agree or the Plan believes that disclosure is necessary to prevent serious harm to you or potential victims (you'll be notified of the Plan's disclosure if informing you won't put you at further risk)
- **Judicial and administrative proceedings:** Disclosures in response to a court or administrative order, subpoena, discovery request or other lawful process (the Plan may be required to notify you of the request or receive satisfactory assurance from the party seeking your health information that efforts were made to notify you or to obtain a qualified protective order concerning the information)
- **Law enforcement purposes:** Disclosures to law enforcement officials required by law or legal process, or to identify a suspect, fugitive, witness, or missing person; disclosures about a crime victim if you agree or if disclosure is necessary for immediate law enforcement activity; disclosures about a death that may have resulted from criminal conduct; and disclosures to provide evidence of criminal conduct on the Plan's premises
- **Decedents:** Disclosures to a coroner or medical examiner to identify the deceased or determine cause of death; and to funeral directors to carry out their duties
- **Organ, eye or tissue donation:** Disclosures to organ procurement organizations or other entities to facilitate organ, eye, or tissue donation and transplantation after death
- **Research purposes:** Disclosures subject to approval by institutional or private privacy review boards, subject to certain assurances and representations by researchers about the necessity of using your health information and the treatment of the information during a research project
- **Health oversight activities:** Disclosures to health agencies for activities authorized by law (audits, inspections, investigations or licensing actions) for oversight of the healthcare system, government benefits programs for which health information is relevant to beneficiary eligibility, and compliance with regulatory programs or civil rights laws
- **Specialized government functions:** Disclosures about individuals who are Armed Forces personnel or foreign military personnel under appropriate military command; disclosures to authorized federal officials for national security or intelligence activities; and disclosures to correctional facilities or custodial law enforcement officials about inmates
- **HHS investigations:** Disclosures of your health information to the Department of Health and Human Services to investigate or determine the Plan's compliance with the HIPAA privacy rule

Except as described in this notice, other uses and disclosures will be made only with your written authorization. For example, in most cases, the Plan will obtain your authorization before it communicates with you about products or programs if the Plan is being paid to make those communications. If we keep psychotherapy notes in our records, we will obtain your authorization in some cases before we release those records. The Plan will never sell your health information unless you have authorized us to do so. You may revoke your authorization as allowed under the HIPAA rules. However, you can't revoke your authorization with respect to disclosures the Plan has already made. You will be notified of any unauthorized access, use, or disclosure of your unsecured health information as required by law.

The Plan will notify you if it becomes aware that there has been a loss of your health information in a manner that could compromise the privacy of your health information.

## **YOUR INDIVIDUAL RIGHTS**

You have the following rights with respect to your health information the Plan maintains. These rights are subject to certain limitations, as discussed below. This section of the notice describes how you may exercise each individual right. See the Contact section at the end of this notice for information on how to submit requests.

### **RIGHT TO REQUEST RESTRICTIONS ON CERTAIN USES AND DISCLOSURES OF YOUR HEALTH INFORMATION AND THE PLAN'S RIGHT TO REFUSE**

You have the right to ask the Plan to restrict the use and disclosure of your health information for treatment, payment, or healthcare operations, except for uses or disclosures required by law. You have the right to ask the Plan to restrict the use and disclosure of your health information to family members, close friends, or other persons you identify as being involved in your care or payment for your care. You also have the right to ask the Plan to restrict use and disclosure of health information to notify those persons of your location, general condition, or death — or to coordinate those efforts with entities assisting in disaster relief efforts. If you want to exercise this right, your request to the Plan must be in writing.

The Plan is not required to agree to a requested restriction. If the Plan does agree, a restriction may later be terminated by your written request, by agreement between you and the Plan (including an oral agreement), or unilaterally by the Plan for health information created or received after you're notified that the Plan has removed the restrictions. The Plan may also disclose health information about you if you need emergency treatment, even if the Plan has agreed to a restriction.

An entity covered by these HIPAA rules (such as your healthcare provider) or its business associate must comply with your request that health information regarding a specific healthcare item or service not be disclosed to the Plan for purposes of payment or healthcare operations if you have paid out of pocket and in full for the item or service.

### **RIGHT TO RECEIVE CONFIDENTIAL COMMUNICATIONS OF YOUR HEALTH INFORMATION**

If you think that disclosure of your health information by the usual means could endanger you in some way, the Plan will accommodate reasonable requests to receive communications of health information from the Plan by alternative means or at alternative locations.

If you want to exercise this right, your request to the Plan must be in writing and you must include a statement that disclosure of all or part of the information could endanger you.

### **RIGHT TO INSPECT AND COPY YOUR HEALTH INFORMATION**

With certain exceptions, you have the right to inspect or obtain a copy of your health information in a "designated record set." This may include medical and billing records maintained for a healthcare provider; enrollment, payment, claims adjudication and case or medical management record systems maintained by a plan; or a group of records the Plan uses to make decisions about individuals. However, you do not have a right to inspect or obtain copies of psychotherapy notes or information compiled for civil, criminal, or administrative proceedings. The Plan may deny your right to access, although in certain circumstances, you may request a review of the denial.

If you want to exercise this right, your request to the Plan must be in writing. Within 30 days of receipt of your request (60 days if the health information is not accessible on site), the Plan will provide you with one of these responses:

- The access or copies you requested.
- A written denial that explains why your request was denied and any rights you may have to have the denial reviewed or file a complaint.
- A written statement that the time period for reviewing your request will be extended for no more than 30 more days, along with the reasons for the delay and the date by which the Plan expects to address your request.

You may also request your health information be sent to another entity or person, so long as that request is clear, conspicuous and specific. The Plan may provide you with a summary or explanation of the information instead of access to or copies of your health information, if you agree in advance and pay any applicable fees. The Plan also may charge reasonable fees for copies or postage. If the Plan doesn't maintain the health information but knows where it is maintained, you will be informed where to direct your request.

If the Plan keeps your records in an electronic format, you may request an electronic copy of your health information in a form and format readily producible by the Plan. You may also request that such electronic health information be sent to another entity or person, so long as that request is clear, conspicuous and specific. Any charge that is assessed to you for these copies must be reasonable and based on the Plan's cost.

### **RIGHT TO AMEND YOUR HEALTH INFORMATION THAT IS INACCURATE OR INCOMPLETE**

With certain exceptions, you have a right to request that the Plan amend your health information in a designated record set. The Plan may deny your request for a number of reasons. For example, your request may be denied if the health information is accurate and complete, was not created by the Plan (unless the person or entity that created the information is no longer available), is not part of the designated record set, or is not available for inspection (e.g., psychotherapy notes or information compiled for civil, criminal or administrative proceedings).

If you want to exercise this right, your request to the Plan must be in writing, and you must include a statement to support the requested amendment. Within 60 days of receipt of your request, the Plan will take one of these actions:

- Make the amendment as requested.
- Provide a written denial that explains why your request was denied and any rights you may have to disagree or file a complaint.
- Provide a written statement that the time period for reviewing your request will be extended for no more than 30 more days, along with the reasons for the delay and the date by which the Plan expects to address your request.

### **RIGHT TO RECEIVE AN ACCOUNTING OF DISCLOSURES OF YOUR HEALTH INFORMATION**

You have the right to a list of certain disclosures of your health information the Plan has made. This is often referred to as an “accounting of disclosures.” You generally may receive this accounting if the disclosure is required by law, in connection with public health activities, or in similar situations listed in the Other Allowable Uses or Disclosures of your Health Information section earlier in this notice, unless otherwise indicated below.

You may receive information on disclosures of your health information for up to six years before the date of your request. You do not have a right to receive an accounting of any disclosures made in any of these circumstances:

- For treatment, payment or healthcare operations.
- To you about your own health information.
- Incidental to other permitted or required disclosures.
- Where authorization was provided.
- To family members or friends involved in your care (where disclosure is permitted without authorization).
- For national security or intelligence purposes or to correctional institutions or law enforcement officials in certain circumstances.
- As part of a “limited data set” (health information that excludes certain identifying information).

In addition, your right to an accounting of disclosures to a health oversight agency or law enforcement official may be suspended at the request of the agency or official.

If you want to exercise this right, your request to the Plan must be in writing. Within 60 days of the request, the Plan will provide you with the list of disclosures or a written statement that the time period for providing this list will be extended for no more than 30 more days, along with the reasons for the delay and the date by which the Plan expects to address your request. You may make one request in any 12-month period at no cost to you, but the Plan may charge a fee for subsequent requests. You'll be notified of the fee in advance and have the opportunity to change or revoke your request.

### **RIGHT TO OBTAIN A PAPER COPY OF THIS NOTICE FROM THE PLAN UPON REQUEST**

You have the right to obtain a paper copy of this privacy notice upon request. Even individuals who agreed to receive this notice electronically may request a paper copy at any time.

### **CHANGES TO THE INFORMATION IN THIS NOTICE**

The Plan must abide by the terms of the privacy notice currently in effect. This notice takes effect on January 1, 2024. However, the Plan reserves the right to change the terms of its privacy policies, as described in this notice, at any time and to make new provisions effective for all health information that the Plan maintains. This includes health information that was previously created or received, not just health information created or received after the policy is changed. If changes are made to the Plan's privacy policies described in this notice, you will be provided with a revised privacy notice.

### **COMPLAINTS**

If you believe your privacy rights have been violated or your Plan has not followed its legal obligations under HIPAA, you may complain to the Plan and to the Secretary of Health and Human Services. You won't be retaliated against for filing a complaint. To file a complaint, contact US Employee Benefits at 800-599-7208 or at [USEmployeeBenefits@parexel.com](mailto:USEmployeeBenefits@parexel.com).
